

## **Koli Miah**

I am the **Early Education Practitioner** for Stratford and West Ham Rebecca Cheetham Children Centre. I work closely with the Newham Learning and Achievement team to help ensure that all registered childminders are of a high standard, through working with them from as early as registration and beyond. I also provide one-to-one support, training and guidance for local childminders who attend Stratford and West Ham Rebecca Cheetham Children's Centre. If you are looking for local childcare please contact me through the children's centre

I also support the development work of a range of early education initiatives including the Early Education Funding for Two Year Olds and the extension to 30 hours of early education free entitlement. I deliver the Iam2 workshop every Tuesdays with Rising Two Stay Play to support parent/carers with eligibility checks to determine if they are entitled to free 15 hours early education.
