

Rehana Akhtar

I am an Ofsted registered childminder located in Stratford. I am also a graduate in LLB/Sociology and currently a Paralegal.

As a childminder I provide your child a safe, warm and welcoming home-based environment. Wide range of activities, education and their well-being will be met.

Children will be encouraged to express themselves in a positive manner and challenged to maximize their potential.

Due to excellent location, we can enjoy, library, parks, or arrange trips to what is suitable for children.

I am a confident, energetic and cheerful person, I am polite, honest and hardworking individual who possesses excellent communicative interpersonal skills combined with versatility, and the ability to make decisions based on personal experience.
